

Miss Krueger's Kindergarten Class

March 12th, 2015

Reading: We reviewed several of our big books and tried to pinpoint what the main ideas of the books were. The students have been working on deleting certain syllables of words and figuring out what word is left! Reading groups were switched up this week, so they have new classmates to read to during read to someone.

Writing: This week, the kids wrote "How to make peanut butter and jelly". This exercise helped them realize how important it is to put down very specific details on what to use. We made the PB & J sandwiches step by step the way they wrote down. Needless to say, some of the sandwiches were quite interesting with the missing steps!

Math: The students were quite confident with the position words before we got to the test on Wednesday! We had to retake the test again because the class was not following directions. I also talked with them about some mistakes they made. It was interesting to hear their explanations as to why they drew what where. We have some students that can look at a picture and make it three dimensional! We started learning about 2D shapes yesterday.

Substitute Teacher: On Monday and Tuesday, I will be at the Google Summit learning new things to incorporate into our classroom! I reviewed the expectations I have for the students today, so hopefully everything will go smoothly.

NBC 15 Shout-Out:

The class was filmed on Monday!
