

Miss Krueger's Kindergarten Class

March 20th, 2015

Reading: Our sight word of the week was “look” and our Jolly Phonics letter was “V”. We kept on talking about main ideas of the big books we read throughout the week. The students also had a challenge of remembering what five animals Allie, the cat, ran into during her adventure.

Writing: The kids had some journaling time on Monday with the sub and she reviewed important writing skills like finger spaces and using uppercase letters. They got a chance to have a St. Patrick’s Day writing prompt as well. When I returned, they each picked out one how to piece they liked and acted it out to find if they were missing any steps. They are going to start illustrating and neatly writing this piece into a book!

Math: The kids now have five 2D shapes that they know! We learned about the square and rectangle last week and this week we added circle, triangle, and hexagon. That last one has been pretty difficult to remember. They have been using math terms such as sides and vertices!

Substitute Teacher: From what I hear, everything went well. If there were issues on Monday and Tuesday, I talked to the students about. I learned many things at the Google Summit and I can’t wait to start implementing them into our classroom!

Leprechaun Day:

I heard from the students that there was a mischievous leprechaun that got loose in the classroom while they were away at music on Tuesday! He left his hat and some treats as well!!!

They heard several stories about leprechauns and worked on some St. Patrick’s Day worksheets.

Ocean:

The students already have a great deal of knowledge about the ocean! They were excellent thinkers and thought of many questions about the ocean too. We read “The Rainbow Fish” and they started to create their very own with tissue paper. Next week, we will be doing some more literacy activities with the ocean theme.
