

# Miss Krueger's Kindergarten Class

May 8th, 2015

**Reading:** We branched off of the book **The Earth and I** to discuss categories. They categorized items that were found throughout the book as animals, food, etc. We also changed the sight word games up a bit by introducing Scatter. They like this game immensely and keep asking if they can play it.

**Writing:** Many students have finished their how to books and just need me to bind them. They look forward to sharing them with you!

**Math:** We reviewed pennies, nickels, dimes, and quarters. I also introduced the \$1, \$5, and \$10 bills. The students have a mini-lesson most days and then we head into the computer lab for Math Seeds. The kids are loving the program! Next week, we will begin looking at time.

**Math Seeds Login:** yourchild'snamecf

**Password:** 1234

**Science:** Next week, we will be continuing with our theme of bugs. The children will be able to see some sow and pill bugs that have been living in our terrarium!

## **Bugs/Insects:**

We continued to look at several other insects/bugs. They finished most of their can/have/are charts and bubble maps.

We will be wrapping up the bug/insect unit next week.

## **Spring Concert:**

The students did an amazing job last night at the concert! They had a lot of fun singing all the Disney-themed songs.

## **Randolph Quick Field Trip:**

We had the opportunity to go visit Randolph and had a chance to check out their greenhouses and live animals.

**Information about Kindergarten  
Graduation was sent home on  
Wednesday!**

## **Upcoming Dates:**

May 12<sup>th</sup> – Elementary Track Meet  
May 21<sup>st</sup> – Interest Day
